CYPRUS

Cyprus is an island ideally located at the crossroads of three continents; Europe, Asia and Africa, to the East of the Mediterranean region. Cyprus is known for its rich history and UNESCO World Heritage Sites, cultural diversity, warm hospitality, high standards of living and the lowest crime rates in the EU. It offers a stable economy in a western-type presidential democracy. Cyprus has many buoyant industry sectors including professional services, tourism, real estate, shipping and renewable energy.

Cyprus has ranked as the 5th best relocation destination in the world by an international lifestyle review (Knight Frank, a leading independent, global real estate consultancy firm, 2014) for key leisure and business indicators. It has 320 days of sunshine each year and has been classified 'the sunniest European location', also boasting the cleanest and highest number of Blue Flag beaches in Europe. Together with its favorable tax regime, Cyprus is now one of the top relocation destinations in the world for Non EU nationals seeking permanent residency in the EU.

Cyprus has been a member of the European Union since 2004, and a Eurozone Member since 2008. Besides the inherent benefits of EU Membership, the country enjoys high quality healthcare, a stable and attractive legal regime based on English Common Law, education of the highest standards, both public and private schools including British Universities based in Cyprus. The English language is widely spoken and is now the accepted business language on the island.

The Cyprus Permanent Residency (Fast track) Program, grants the right to travel within the EU with less elaborate visa requirements and may be considered to be the first step towards gaining Cyprus Citizenship (subject to meeting various criteria). In this respect, the Cypriot authorities have simplified the procedure for issuing a Permanent Residency Permit (PRP), to Non-EU nationals.

LEGAL BASIS FOR CYPRUS PERMANENT RESIDENCY BY INVESTMENT

In pursuance of the provisions of Regulation 6 (2) of the Aliens and Immigration Regulations, Cyprus grants Non-EU nationals the right to permanently reside in Cyprus with no renewal requirements.
